

Samsung Propel SIM Card Replacement

This guide will take you step by step through the process of replacing a full SIM Card

Written By: James Cote

Step 1 — SIM Card

- On the back of the phone locate the back panel.
- Remove the back panel.
- Then locate the battery, remove the battery. You can set it to the side for now.

Step 2

- Find the spot for the SIM Card; on the bottom right as seen in the picture.
- Then remove the old sim card by sliding it out.
- Now you can insert a new sim card in slot where the old one was.

Step 3

- Finally, insert the battery back to its original location.
- Then place the back panel.

To reassemble your device, follow these instructions in reverse order.
